

## \$25, 000 FOR PROJECTS REALIZATIONS IN THE 4 CAMPUSES OF THE CÉGEP DE LA GASPÉSIE ET DES ÎLES

**Gaspé, October 29, 2018** – Following a call for projects launched in the spring by the Fondation Cornélius-Brotherton, members of the staff have once again innovated in quality, variety and vitality concerning the forwarded projects. Some thirty-three of them were proposed in three fields of the financial support program :

- Innovation in program of studies
- Student's life dynamisation in the four campuses
- Student's mobility, international cooperation and in work training

Submitted propositions were diversified. Without surprise, and taking account of the remoteness of the campuses, a good proportion of requests for financial support aimed to make it easier for students to visit different places, attend a conference or join in work training facilities. Other initiatives were of a variety of targets including: Open air facilities, aquaponics, aquaculture, reforestation and landscaping, experimentation with vegetable gardening and theater.

The analysis committee made its recommandations to the Board and the Fondation recently announced that it will support financially 30 projects.

CAMPUS	Project	Field	Grant	Program or service
CARLETON-SUR-MER Campus	In work training for AMT in Alberta	Student mobility	\$100	Accounting and management
	In work training for AMT in France	Student mobility	\$200	Accounting and management

--	------------------------------------------------	--------------------	---------	-----

Fondation Cornélius-Brotherton is very pleased to promote realizations improving student's life at the Cégep de la Gaspésie et des Îles. Upgrading educational, sporting and cultural activities is a notable addition to the actual range of possibilities.

For an eleventh consecutive year, such a financial aid is granted to a wide variety of projects. Beeing part of our *financial support program*, 182 projects from the four campuses have since 2008 received \$385 000.
